

NOTE TO SHIPMATES (revised & confirmed on 19 March 2013)

Because of new yahoo.com restrictions on sending to multiple addresses, Frank Olderr must change the way he sends Crew List Updates and updates to our Contact Lists. So Frank created several Yahoo Groups. But for Frank to send updates to you by this method, you must subscribe to the group(s) you wish to join.

If you do NOT use a yahoo.com account to receive Contact List Updates from Frank, please do NOT create a yahoo.com account.

Step 1: If you have NOT already done so, open your e-mail account and send an e-mail (no subject or text is required) to the address appropriate for you (see below -if more than one address applies, do only one at a time):

1944_1949usscollett-subscribe@yahoogroups.com

1950_1955usscollett-subscribe@yahoogroups.com

1956_1959usscollett-subscribe@yahoogroups.com

1960_1965usscollett-subscribe@yahoogroups.com

1966_1970usscollett-subscribe@yahoogroups.com

Step 2: Very soon, you should see that Yahoo! Groups has responded with a message. Open the message; it is titled "Please confirm your request to join ...".

Step 3: Under the lines

TO BECOME A MEMBER OF THE GROUP

1) Go to the Yahoo! Groups site by clicking on this link:

Click the line that begins with <http://groups.yahoo.com/> ...

Step 4: Yahoo! Groups responds with a "Request to join ..." display. Do NOT click "Join the Group" in the box -rather click the "join the mailing list instead" on the line below the box that begins with "As an alternate option ..." (The group does NOT support polls, files, or photos)

Step 5: Yahoo! Groups responds with a "Comment to Owner" display. In the box below the line "Please tell the group owner about yourself", please type your name then click the "Continue" button.

Step 6: Yahoo! Groups responds with a message that your membership is pending.

Thanks for joining the group! After Frank approves your membership (within a few days), you will receive a confirmation message.
